

MIDWEST SURGICAL ASSOCIATION

MEMBERSHIP BENEFITS

The Midwest Surgical Association is made up of 600+ surgeons who have established reputations as practitioners, authors, teachers, and original investigators. The objective of this society is to exemplify and promote the highest standards of surgical practice, especially among young surgeons in the Midwest.

BENEFITS OF MEMBERSHIP

New MSA members are welcomed to the Midwest Surgical through a New Member Reception and presentation of membership certificates at the annual dinner. The Association has continued its relationship with the *American Journal of Surgery* which publishes all manuscripts from oral presentations at the annual meeting. MSA encourages new members to submit abstracts for competition in the "New Member Paper Award" and also offers complimentary registration to new members for their first annual meeting. The Midwest Surgical Association annual meeting encourages participation of junior faculty, surgical colleagues, surgery residents and medical students to come together and enjoy the mix of excellent educational and scientific sessions, family, friendship and relaxation. We hope you will consider joining us. Applications for membership may be submitted online at www.midwestsurg.org
