RE: Midwest Surgical Association, Presidential Address of 1995

Dear Richard,

I regret to tell you that I do not have a copy of the Presidential Address, which I gave to the Midwest Surgical Association, on the History of the Surgery for Ulcerative Colitis. The lecture was given as a "lecture" and never written down in detail. Unfortunately, I did not organize the presentation into a paper for publication and consequently, it did not appear in the journal with the other papers of that day.

I wish you success in your endeavor to publish the efforts of those who came before and after me and followed the proper format. I'm sorry I could not be of any further help.

Sincerely yours,

A handwritten signature in black ink, appearing to read "J. Bodzin".
